Investigate and then maybe stop treating vote counting as a job that can be done by nobodies.

I would think people on the right would generally be more attracted to private sector jobs, while people on the left would be more attracted to government jobs.

This is not a "stingy" or "investment" thing.

Not true. I can't speak for everywhere, but in the counties I've lived, the poll workers and supervisors are evenly split between Dems and Reps, for accountability. I was an election judge this week. We sat alternating D and R and every single ballot had to be initialed by one from each party. No empty ballots or filled ballots were ever in a place where both parties weren't represented. None of us could leave the facility until everything had been recorded--absentees and election day ballots. The ballot box (plus provisional or a few other exceptions that were very carefully and clearly marked) count had to match the count of ballots we had issued. We all had to sign off on the counts at various places. Very above board. Ballots were locked and delivered by a representative of each party to the court house, where both parties were there to receive them.

I'm not sure what happens in Democrat cities, but they clearly violate whatever rules they have. I suspect that their "Republicans" are not really...or maybe they don't even require both to be present in those locations. It's obvious from what I have seen that the process in those areas is extremely corrupted by fraud. Adding the late mail-ins (and in many places unsigned...or without requirement to match signatures) only gave them a much easier way to manufacture fake votes. All they had to do is wait to see who didn't return those and then staff a roomful of operatives churning them out.

There needs to be security in place for ballot counting, not the current nonsense.

Other countries have it that for every table that has people on one side counting ballots, there are people on the other for each of the candidates that are watching. Filming the whole thing with side and overhead view over each table is probably a good idea as well if a complaint is raised, so everyone can watch the tapes.

If counting needs to be paused for any reason, all the ballots are placed in a storage unit locked with locks provided by teams for each of the candidates. It is later unlocked in their presence using all their keys. The storage unit should be filmed at all times with multiple analog clocks placed on the front of the storage unit.

There is to be no one driving in with ballots. Anyone coming in is searched head to toe and filmed. No one is to bring in any kind of bag, box, or case that isn't thoroughly searched. Anything brought in with a ballot is immediately confiscated set aside as legal evidence, and the person is arrested, and subject to 10 years in jail.

Anything less, and we're getting into Banana Republic territory, which we're currently in.

The Democrats have fallen on their face this entire term for Trump. And they did again on election night.

They fucked this up so badly for themselves, but the sad thing is people still buy it. It's fucking insane the level of TDS people suffer from to just accept what is happening here. It's so obvious that the election was rigged, and it's been rigged since the start when they pushed so hard for mail-in voting.

I believe Trump comes out the winner here though. With every hurdle he's had to jump over, he's landed cleanly on both his feet. The next few weeks are going to be absolute hell, but he will come out the victor.

Everyone needs to take a deep breath, and trust Trump. He hasn't let us down yet, and now he needs his base to stand behind him, as strong as ever.

CALLING ALL PEDES. CALL YOUR GOP HOUSE AND STATE REPRESENTATIVES. THEY DECIDE THE ELECTORS. THEY DECIDE UNDER THE 12TH AMENDMENT TO CERTIFY THE ELECTORAL COLLEGE. THEY MUST FIGHT WITH THE TRUMP CAMPAIGN TO STOP THE FRAUD.

DON'T JUST DEMAND THEY SAY SOMETHING. ASK THEM IF THEY WILL SUPPORT THE WINNER OF THE ELECTION.

MI, WI, PA ARE MAJORITY REPUBLICAN LEGISLATORS.

CALL YOUR HOUSE GOP MEMBERS. WE HAVE MAJORITY OF HOUSE DELEGATIONS AND CAN 12TH AMENDMENT. DOESN'T MATTER WHAT STATE YOU'RE IN, CALL, UNLESS 2/3 OF YOUR HOUSE DELEGATION IS DEMOCRAT

With every hour Biden creeps closer and closer to Trump in PA and GA.

Literally a banana republic is being made before our very eyes. An absolute fallacy.

Everyone involved in the cheating against Trump deserves to be lined up against a wall. They have betrayed this country and it will never be the same again after this election is over.

A Biden win mean a complete end and destruction of this society. It means honesty and hard work have no place and are openly rejected. Everyone will lie and cheat at ALL levels of society. Even big techs can kiss goodbye to their services. There will be no more mutual trust agreements on protocols of communications. Backdoors in tech will start running rampants and quality will collapse quickly. They have absolutely no idea what they are doing to themselves.

Federal elections need to be overseen by a federal body.

I get that states have some rights, but right now it's all willy-nilly and everyone does whatever the fuck they want with nobody to answer to.

Voter ID, no more mail-in ballots (absentee ballots are okay as long as they are properly requested), and the penalties for cheating-tampering should be fucking harsh.

Democracy is no joke.

They were doing pretty good with some of the late night hosts, but now, all they are talking about is how close Biden is to winning without even really acknowledging the fraud taking place. Does anyone else think that Rudy, trump and the others aren't as worked up as you might expect while still claiming 'we won,'.? Is there something else going on that I'm not seeing? I feel like I'm way more upset about all of this than they are. We're about to go negative n Georgia a few hours. If they finish their counting soon, they could call Georgia for Biden, regardless of NV or AZ.

Do you think he's got that watermark thing for sure? Or good video of a massive dump of votes for Biden? I'm really nervous.

Jason Miller tweeted earlier that trump could win as early as Friday (tomorrow). What could he be talking about? Only thing I could imagine for an immediate win would be an arrest or two tomorrow but that is Alex Jones level speculation.

Embarrassment throughout the world is right.

Can't believe this shit, watching from Japan. Unless these fringe types are right about a sting operation, even if Trump wins, your election process has been an absolute joke!

You gotta get voter ID done yesterday.

[permalink](#) [save](#) [report](#) [block](#) [reply](#)

▲ 3 ▼

– [Tacsol5](#) 3 points 73 days ago +3 / -0

This is one of the reasons why I'm leaning towards the sting theory being probable. Everyone on the right knows voter ID and election fraud has been an issue we wanted addressed throughout Trumps first term. We've been shouting about voter ID from the roof tops for a while now. Trump has definitely acknowledged the problem in the past. We were all crying about it for him to do something about it all along. I've been wondering myself why he hadn't really taken any action. Back when Roy Moore lost and then Stacey Abrams won. We all knew the Dems cheated in those elections. Lol it was fucking pretty clear. Yet nothing was done about it. Perhaps the administration wanted to catch them in THE biggest election possible. To show everyone that if they can cheat like this at the highest level? Then they can cheat and insert anyone they want anywhere and there's really nothing we can do about it. Showing the fraud at this level might kick off that legislation we've wanted all along when everyone sees just how corrupt things really are. That's my hope anyway.

Every single part of this election fraud was predictable starting mid Nov 2016 .. and nothing was done to monitor for it, mitigate it, or file DoJ injunctions to stop it.

Zero competence in critical positions has brought us to this sad moment in history.
